Shawn,

What about next week Tuesday, February 15? The weather forecast is a high of 54 and mostly sunny. Rain is scheduled for Wed. Thursday may also be OK.

Jean

Jean: AA 3264 to XNA @8:15 am and AA 3222 from XNA to DFW LV @6:10 pm and arrive @7:25 pm suits me fine. This week would have been OK except Wed 9 is an Arctic blast. If prediction is not clear by Th Feb 10 or 11 then we will have to try for the week after on 16, 17 or 18. Sorry I am tentative but snow and ice is a factor may be you can check the weather forecast in the site area . By the way the vertical log scale in the PCP values with time should be like 1,10,100,1000,10000 etc. You can send me version with that correction and any other minor correction . Incidentally can we say that the risk at Arkwood is primarily based on PCP but minor quantities of dioxin, & the Dioxin is a Dioxin Octomer for which clean up values have not changed or there are no values assigned. Please copy any response to ajghose@gmail.com also during the next few months or winter weather goes away.
Shawn

Shawn,

Have you selected a date for the inspection? If yes, have you chosen a flight?

Shawn,

Please see options below. I can pretty closely match your flights at either airport and drive us to and from the site.

Option 1: American Airlines Depart DFW 9:20am – arrive SGF 10:35am
Depart SGF 5:35pm – arrive DFW 7:07pm

Option 2: American Eagle depart DFW Flt 3264 to XNA (Bentonville) 8:15 AM Arrive XAN 9:20 am
{Feb 4.2011)

Depart XAN Flt 3222 @ 6:10 pm Arrv DFW @ 7:25 pm

Shawn,

I left you a voicemail message yesterday. I agree that the Branson routing is not desirable. I recommend either the Springfield, MO (about 1hr 15 min from Arkwood) or the Northwest AR Regional Airport (XNA) which is about 2 hrs from Arkwood. I can coordinate to pick you and return you to either airport.

Again, My available dates are 2/2, 2/3, 2/9 and 2/10.

Jean: Looks like Branson is a long way for me as I have to fly to Atlanta. You may have to spend a night at Harrison and start early. My problem is my night vision is impaired and would not like to drive back to XNA in the dark by myself in a mountainous area. I can pick up an auto at XNA and meet you in the morning at some common point e.g. Harrison airport or the site if you provide me with detailed map+instruction. I will have to follow the route back to XNA by myself in day light Unless we can find some way to get back to XNA some other way. Otherwise I may have to call up ADEQ and see if I can ride with them to the site. This will probably be the only time in next 5 years that you have to go out of the way. My only objection is where I have to drive through mountain roads after dark. XNA has flights coming back to Dallas even after 7 pm. Let me know so we can finalize the date or find alternatives.

Shawn,

This is the same airport I referred to in my email earlier today. XNA (Northwest Arkansas Regional Airport) is located between Fayetteville and Bentonville about 1 hr and 45min - 2 hours west of Omaha, i.e. a longer drive than Springfield, MO. The earliest flight for me arrives at 10:14am and departure would be 5:18 in the evening. These times are pretty close to yours so we could make this work.

I'm available on 2/2, 2/3, 2/9 and 2/10.

Subject: Flights to Bentonville , AR

Jean: Found number of flights by American Eagle e.g. Lv DFW Flt 3264 to XNA (Bentonville) 8:15 AM
Arrive XAN 9:20 am {Feb 4.2011)

LV XAN @ FLT 563 @ 3:30 pm arrive DFW 4:45 pm

or Lv XAN Flt 3222 @ 6:10 pm Arrv DFW @ 7:25 pm

Theses are just hypothetical dates and can be finalized after you can tell me that you can pick me up @ Bentonville (XAN) and return me after site visit to XAN. I believe XAN is 1/2 hr drive from Harrison.

Let me know and I will finalize my flight to your suitable date.
